

FUEGO

SmartStation Economy

The New Fuego SmartStation *Economy* from Cotell offers our latest modern styling in our most economical format.

The SmartStation Economy addresses the needs of more budget conscious hotels by dispensing with some of the features of the premium SmartStation line of phones. The model offers basic colours and a simple matt finish, a rugged plastic stand and lower specification circuitry, but retains the key hospitality phone features. The SmartStation Economy represents superb value for money.

THE HOTEL PHONE HAS EVOLVED.
